NOTE

The 1935 Alumnae Register follows the general form of previous registers. The names of all alumnae who have received a degree from Vassar College are listed; also the names of all former students who have joined the Association; and the names of the members of the 1935 graduating class.

There are 9591 baccalaureate graduates of Vassar of which 8591 are living. Of these graduates 162 have also taken an A.M. degree at Vassar. In addition 33 graduates of other colleges have taken an A.M. degree at Vassar.

The Alphabetic List contains the names and addresses of living graduates from 1867 to 1934, with cross-references to maiden and married names. The address follows the married name. The class of 1935 and the associate members are included in separate lists following the list of living graduates.

The Necrology List contains both maiden and married names, with cross-references.

In the Class List the entry is under the maiden name only, with the married name in parenthesis.

The Geographic List contains the names of both alumnae and associate members. The married alumna appears only under her married name.

The DATE of graduation appears after the name in all the lists except the class list. When Two DATES are given, the first refers to the class with which the alumna entered, the second to the year in which she received her degree.

All additions and corrections should be sent to the Alumnae Office.
